

Asset Request Form

We've rebranded from Novia to Wealthtime. You'll notice that some of our products and services have kept the Novia name. So don't worry if you see both Wealthtime and Novia names in our documents. Wealthtime is a trading name of Novia Financial plc.

The Wealthtime Investments List details the wide range of Assets available through the Wealthtime platform. This includes authorised funds (Unit Trusts, OEICs and SICAVs) and ETFs traded through Winterflood.

Please use the link to check first whether the Asset is already available through Wealthtime:

If the asset is not available with Wealthtime, please complete this form to request a new Asset that will be reviewed by the Wealthtime Investments team. If the product provider is not currently on the platform, the Assets may take considerably longer to make available.

Please note that all fields must be completed with the exception of the business case for adding fund(s) which will be completed by your Wealthtime regional sales manager. Failure to complete this form will result in the request being rejected. Once completed, please email the form to your Wealthtime regional sales manager.
